Dear All,

As I write this warmer weather has only just started and so I am hoping that Summer will fall in July and August this year instead of finishing the moment the children finish in school. I have a theory that, for the good of the Welsh tourist industry and to bring about beter weather, representative groups of children should be kept in school doing exams all the way through July and into August. Strangely, however, can't seem to get any children or teachers interested in the idea…

You probably know that Andrew and I are being asked to move from the Vicarage in Dale to another house that has a better energy rating and can more easily be adapted to my disabilities, probably in Milford. We are not looking forward to it and it makes the idea of one last Summer in Dale all the sweeter. So bring on the sailing and kayaking and rock-pooling and swimming and crabbing and drinks on a warm evening looking out to sea. Bring on regatta and Sea Sunday and beach barbecues and music late into the night on bank holidays. Bring on the roses and the Pimms and afternoons in the hammock and the fruit ripening in the orchard into sweetness.

There is an idea that some Christian mystics talk about known as 'the praise of all creation'. This states that, because God made it and sees it to be good, all the natural world around us is constantly praising God just by being. Each wave crashing on the shore is a hymn of praise, as is the birdsong in the early morning and the flicker of the light on the water. All we need to do is be still and listen and let it carry us up to the throne of Heaven, filled up with love and wonder.

Or, more prosaically, as an old man once said to me one bright morning, "On a day like today, I pity those who have no one to thank for it all"

Of course, I can't guarantee a glorious summer but the praise of all creation includes the sound of rain too. Whatever this Summer brings, I hope it brings you joy,

With every blessing,

Andrew, Rhiannon, Samuel, Gaynor

St Ishmaels Potato challenge

Thank you everyone who took part. It was a lovely morning for the weigh in with great excitement to see all the potatoes coming out of the buckets. Some more than others but I am sure they all made a delicious meal. I am pleased to announce the winners:

Adult class. Lucy Howells with 1.145kgs
Junior winner Carys Cottam with1.050 kgs.

We did not award a prize for the most mis-shapen potato as every one that came out of the buckets was perfectly shaped. Our thanks to all who took part.

St Brides and Marloes Summer Fete

Thursday 1st August, gates open 6pm.

The event is held again in the spectacular setting in the front grounds of St Brides Castle. No tickets required, voluntary donations at the entrance gate and with all money raised going towards the upkeep of St Brides and Marloes Churches.

A traditional and very family-orientated fete event with a local produce stall, fancy stall, book stall, cake stall, lucky dip, whack-a-rat game, all sorts of raffles and tombolas, skittles, teas and coffees and hot food on sale. Also a return of the very popular Shetland Pony Shuffle. Try your luck with the 'wine-or-water' stall and see what you could win on the chocolate tombola! And we are extremely lucky to have two very special paintings by local artists up for raffle as well. Plus new for 2024 - "The Cantabile Singers"
It's going to be an excellent evening!

Please come along and enjoy a really happy and wonderful time.

A table laden with Cream Teas, at the "Cream Tea and Stalls" event run jointly by Dale WI and Peninsula Papers on 27th May. The event raised over £900 for Peninsula Papers.

DALE AMATEUR DRAMATIC SOCIETY

At our AGM on June 20th we confirmed that the total takings for *February Frolics* on February 17th were £916.77, and after all deductions we will be donating £312.88 each to the DEC Ukraine Fund and Paul Sartori. Thanks to all who performed in, supported, and came to the show.

We will soon begin planning a variety show for early spring 2025; we have yet to decide on a theme. Hopefully we can put on two performances next time; we think there could be advantages to making one of them a matinee (afternoon) show. As always, anyone of any age is welcome to join us; we want to maintain the tradition of members of this community coming together to present live music, dance, and drama.

Coastlands Local History Group.

I am not sure what the very large number of people who attended expected from last month's talk, but suffice to say, whatever it was they would have heard it. The talk was brilliant! Dr Martin Crampin, an expert in Welsh stained glass, took us through the windows in St Bridget's explaining from the basics how it came to be called stained glass to more specific details such as the person/family who commissioned the windows, the name of the foundry and in some cases the person who did the design and executed the painting. Dr Crampin illustrated his rationale by showing examples of the work done by these individuals in other churches and drawing our attention to the similarities. It was a fascinating evening, enhanced by the sun streaming through the stained glass and bathing the church in glorious colour. It was an evening much enjoyed by the audience.

The Open Evening at the Heritage Centre Harrier exhibition saw a few people, including members, taking advantage of the Centre being open, and expressing an interest in the exhibition and the work undertaken by the Heritage Centre over the years in gathering information together, which was supplemented by Pam Haines as she wrote the book and was in contact with many people who had served there. The exhibition sets out the history of the military at the Kete site and complements the book HARRIER – Out of the Blue written by Pam. The exhibition is open Thurs-Sun 2-5 until the end of September. So if you have visitors and need a place to avoid the weather - too hot, too wet, too cold, make your way to The Old Stables Heritage Centre, South Street, Dale.

We now move away from talks and concentrate on visits for members to various places. There is a trip to Penrhos Cottage and a visit to the Haverfordwest Pop Up Museum. Members will be circulated separately about these. If you wish to join us on a visit , then all you need to do is join the History Group and let the Secretary know - details at the end.

If you wish to renew your membership and have not yet done so, you can do this by contacting us or if you would like to become a member please do contact us. It costs just £5.00 per person a year

If you need any further clarification please contact Harriet (636668) or Yvonne (636251)

Seagrass update June 2024

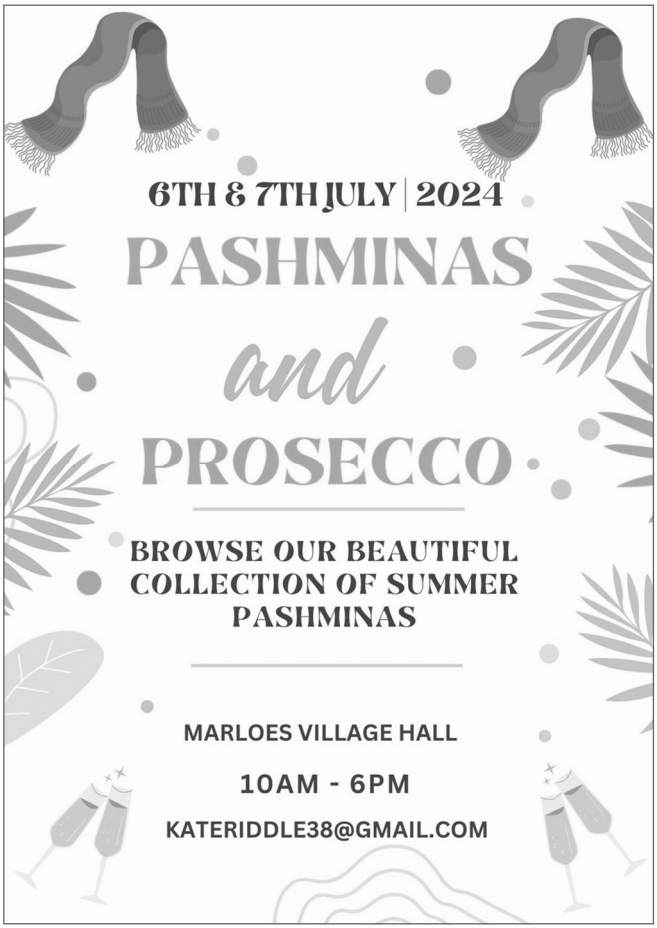
Following the end of the Coastal Capacity funding (Welsh Government via the Pembrokeshire Nature Partnership) in March this year, we'd like to share an update on the seagrass in Dale Bay, and upcoming plans. In January through to March, many activities took place to support the seagrass:

A further 50,000 seeds were planted across the restoration area to infill gaps, utilising novel mechanised methods (directly injecting seeds and bags into the sediment with a sled).

Biodiversity surveys of both Dale and Castlebeach Bay and mapping of the seagrass meadow at Castlebeach Bay were trialled but will be repeated with better visibility.

Engagement activities took place in partnership with Windswept, Celtic Deep and Dale Fort – including paddleboard sessions, an art session, school assemblies, underwater video analysis, rocky shore walkovers and seine netting.

Seagrass friendly lobster pots were designed, made and installed by local boat builders and a local fisherman – to be monitored over the next few months.



The seagrass is also doing well despite previous setbacks, with new patches of seagrass spotted on the spring low tide. A drone survey will be carried out during the September low tides along with the annual dive survey to monitor extent.

Voluntary donations (suggested minimum £10 per overnight stay) continue to be encouraged for use of the seagrass visitor moorings (see www.daleseagrass.org).

The current licence for the restoration area comes to an end this Autumn – Project Seagrass seeks to extend the licence to continue to support the area. Further funding has also been secured to support seagrass in Dale.

Dale WI

At the end of May we had a successful evening with a highly competent beauty consultant showing us how to apply make up. The two ladies who were used as models looked fabulous with the application of minimal amount of some very good quality products. A few of us have been tempted to jump into the world of beauty and have splashed out on new products such as plumping serum, primers and bronzers for ourselves.

On 27th June, the Spring bank holiday Monday, Dale WI in conjunction with Peninsula Papers ran a successful afternoon with Cream Teas, a Cake Stall, a Plant Stall and raffle in the Coronation Hall. £989 was made to help support this popular community publication which you are now reading. We were lucky to have both good weather and lots of visitors in the village.

Following the success of our trip earlier in the year to Pembrokeshire College for lunch we repeated the experience with another really enjoyable meal cooked and served by students. This time we even included a few men in our party! The sea bass came as highly recommended. Potential new members are welcome to contact me on 07854854838. We meet twice monthly in the Coronation Hall in Dale. Gail Smith

Beautiful Demoiselles

We first visited Pembrokeshire in the summer of 1982 for a quick camping break. 20 years later we were intending to take early retirement and were exploring the odd corners of Britain looking for somewhere to live. Remembering that Pembrokeshire seemed quite an interesting place, with birdwatching and sailing opportunities, we decided to visit again. It was February and raining heavily. Nevertheless we followed a small sign reading "Cottage for sale" and well, here we are. We revisited the house in May of that year to check that we really wanted to go ahead with the purchase. Whilst poking around the garden we were dazzled by male Beautiful Demoiselles displaying by the stream which borders the garden – the stream already being a major attraction. I had only seen these damselflies once or twice before, near small streams when we had been walking in Wales. We were entranced! And we bought the house.

You may never have seen a Beautiful Demoiselle so I will describe them to you so you can understand why we were so impressed. They are bigger than the small blue damselflies which are common around ponds but not as big as a dragonfly. The males have the most beautiful iridescent dark blue bodies with bluish-black wings – they are quite stunning. The females have iridescent dark green bodies with brown wings and are also stunning. Of course none of this comes out in grayscale printing so just Google the name to see some examples.

These damselflies live around small streams with sandy or gravelly beds where the larva live on the bottom and can seem to survive regular flooding and strong currents. The adult males perch conspicuously on bankside vegetation where they flick their wings and dart out to chase any passing insect – which might just be a female! This behaviour can be seen from May onwards by looking over the bridge next to our garden on a sunny day.

Wales and western parts of England are the stronghold for Beautiful Demoiselles, as can be seen from this map in "Britain's Dragonflies".

In the lowlands of England there is a different demoiselle to look out for – the Banded Demoiselle. These are quite similar to the Beautiful Demoiselle except that the wings are transparent with a wide dark band across them. They are not quite as stunning, but maybe I am biased! They live in quite different habitats being fond of large slow-flowing rivers and canals. They can be found in Pembrokeshire on rivers such as the Teifi.
